

HerbaChaud[®]

Product Presentation

HerbaChaud®

The leading Heat Pad

Passive Products

(no heat transfer, generate a feeling of heat)

Based on pharmaceutical components which interact with skin and tissue.

Can irritate the skin
(Possible inflammation and allergic reaction)

Often used active substances:

- Capsicum / Nonivamid
- Nicoboxil

or pharmaceutical substances like:

- Diclofenac
- Voltaren

Active Products (Heat generating Pads)

(The product generates heat which is transferred to the users body by conduction and thermal radiation)

Active Heat Pads generate the heat through a controlled oxidation of iron powder and carbon dust. Amount, quality of these ingredients and the composition of the catalyst define the course and the duration of the heat.

Specification of a general product:

- 4-8h heat generation
- Parabolic temperature curve
- No skin irritation
- No active substance transfer
- needs oxygen (environment)

HerbChaud offers more !

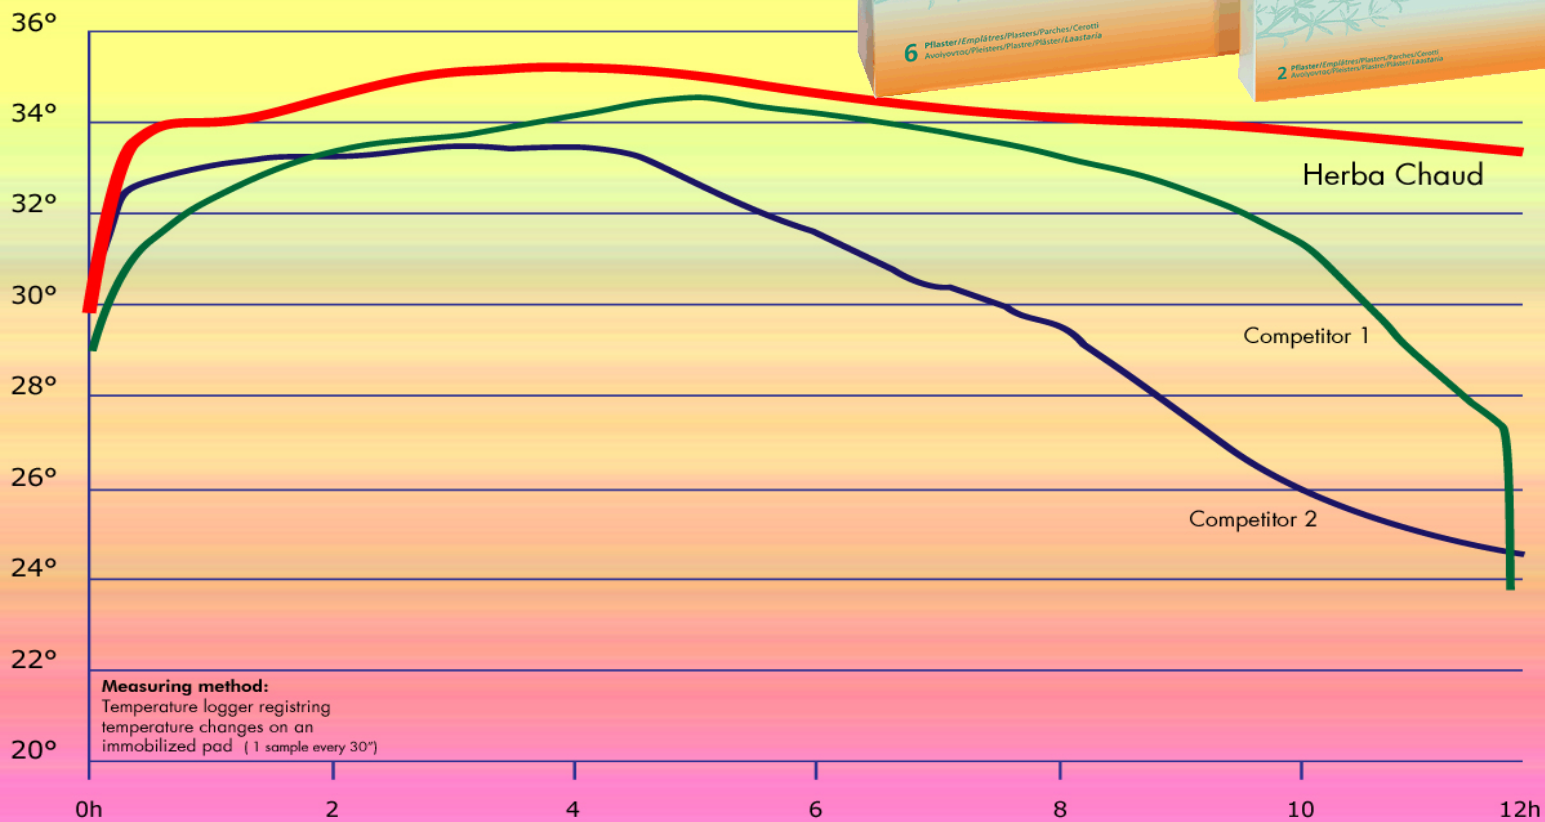

It differentiates from competition
**by a long-lasting (>12 Std.)
heat generation with a
max temperature variation
of less than 2 C°**

HerbaChaud®

a superior temperature curve

The temperature curves of competing, well known products

HerbaChaud®

- easy handling
- focused heat transfer

- Odor free
- hypoallergenic (no allergic reactions !)
- self heating, >12h continuous performance !
- no secondary effects, ideal for repetitive application
- handling is as easy as the application of any regular band-aid

HerbaChaud®

Application and Effects

The power of heat, based on natural minerals and a set of traditional mixed herbs

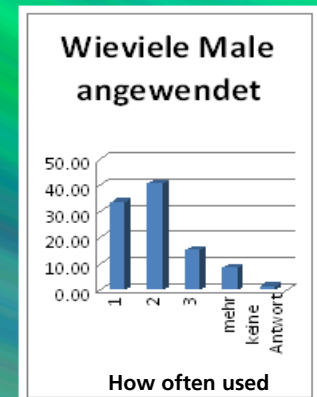

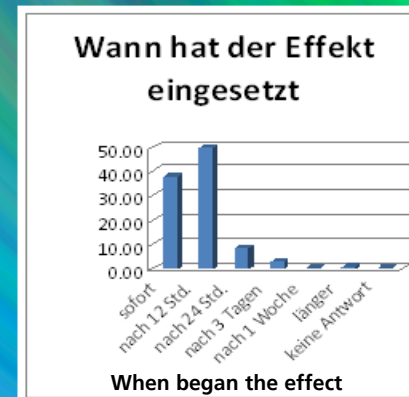

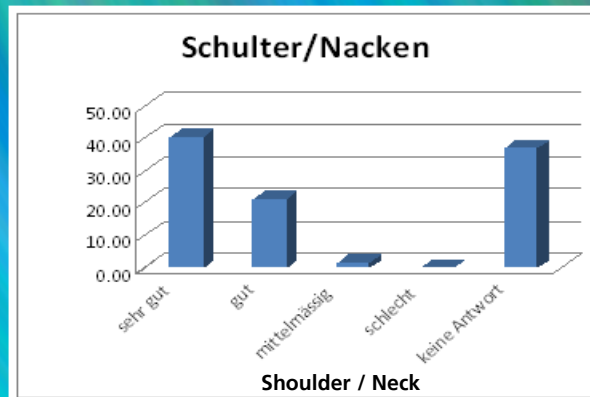

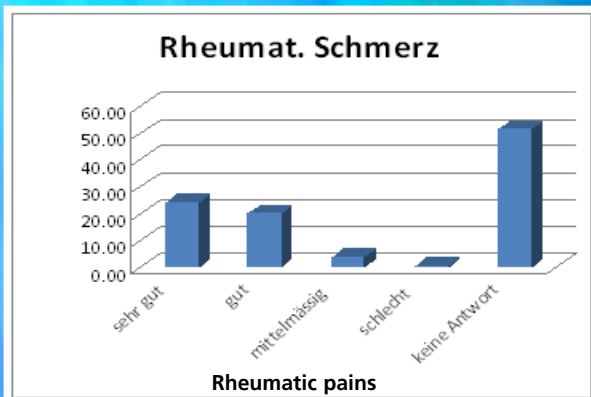

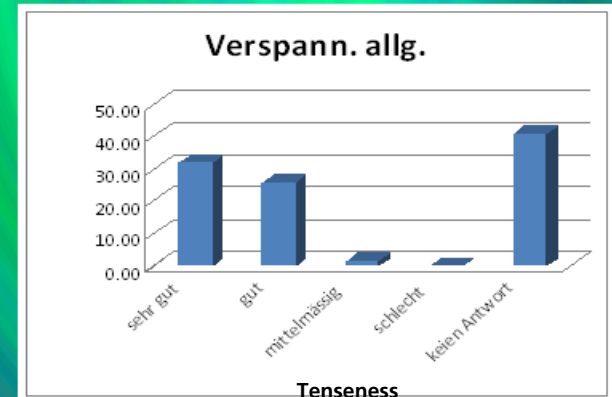

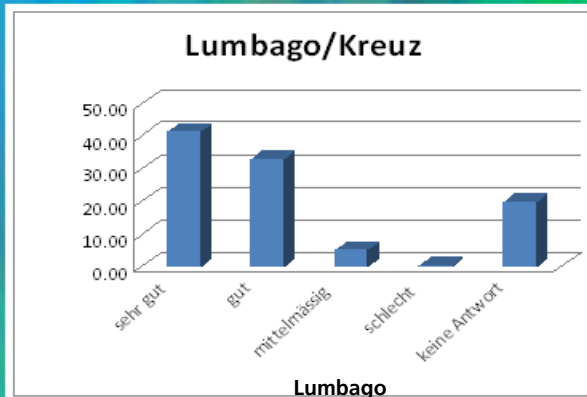

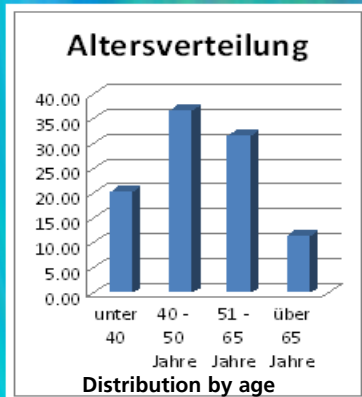

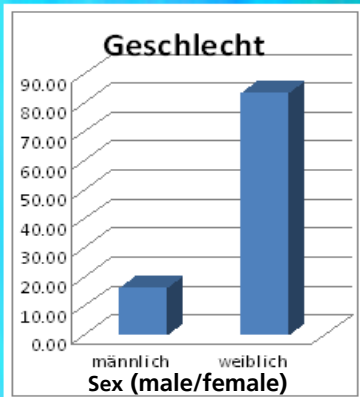

offers an analgesic and anti-inflammatory effect in case of

- Lumbago
- muscle pain
- hardening of shoulder and neck
- rheumatic pain
- menstruation pain

Important Customer Information

- Open the sealed bag a few minutes before the application of the pad and ease the compressed content. This enables a continuous heat radiation of more than 12 hours.
- The center of the pad should never be covered airtight as the heat generating process needs oxygen.
- Apply the pad only on a fat/oil-free skin or textile.
- The pad should be applied for 12h until max. 16 hours. Even if the product doesn't feel hot anymore. The sensation of heat adapts over time.
- The product can be disposed with the regular waste – it's **100% bio-degradable**.

CERTIFICATE OF REGISTRATION

This certifies that:

**China TCM Trading GmbH
Pfarrmatte 6
Freienbach, SWITZERLAND 8807**

is registered and has listed the following medical device with the U.S. Food and Drug Administration for FY 2014 pursuant to Title 21, 807 et seq. of the United States Code of Federal Regulations:

Establishment Registration:	3007076063
Device Classification Name:	PACK, HOT OR COLD, DISPOSABLE
Product Code:	IMD
Regulation Number:	890.5710

Registrar Corp will confirm that such registration remains effective upon request and presentation of this certificate until the end of the year stated above, unless said registration is terminated after issuance of this certificate. Registrar Corp makes no other representations or warranties, nor does this certificate make any representations or warranties to any person or entity other than the named certificate holder, for whose sole benefit it is issued. This certificate does not denote endorsement or approval of the certificate-holder's device or establishment by the U.S. Food and Drug Administration. Registrar Corp assumes no liability to any person or entity in connection with the foregoing.

Pursuant to 21 CFR 807.39, "Registration of a device establishment or assignment of a registration number does not in any way denote approval of the establishment or its products. Any representation that creates an impression of official approval because of registration or possession of a registration number is misleading and constitutes misbranding."

The U.S. Food and Drug Administration does not issue a certificate of registration, nor does the U.S. Food and Drug Administration recognize a certificate of registration. Registrar Corp is not affiliated with the U.S. Food and Drug Administration.
