

# Delta Treatment Tables

Excellent Value for Money

This classic massage table has been the favourite of masseurs for a long time. Delta Professional massage tables represent the best in their field, both in terms of function and durability. Our many years of experience can be seen in the design of our tables, ensuring stability and durability at all working heights and positions.

Professional and Standard. Standard treatment tables are basic tables for professionals; more affordable than the Professional series, nevertheless with features that fulfil the needs of demanding users.

*"Functional, stable and durable."*

**Delta Standard DS5H Treatment table with castors**

**Delta Professional DP4 Massage table with castors, pair of side supports and ankle cushion**

**LOJER**® For easy care
